

COMMITTEE ON BUDGET, FINANCE AND ADMINISTRATIVE MODERNISATION

Competences

In the performance of its duties, the Committee on Budget, Finance and Administrative Modernisation is responsible for exercising its competences and performing political supervision in all the areas overseen by the Ministry of Finance, as follows:

The Major Options of the Plan and National Reform Programme;

The State Budget and General State Accounts;

Budgetary and public financial policy;

Budgetary and financial relations with the European Union, in particular with regard to participation in conferences concerning the stability, coordination and economic governance of the European Union;

The shareholder function of the state;

The supervision and regulation of financial activities and institutions;

Consideration of Court of Auditors' reports;

State reform and administrative modernisation;

All matters related to the Public Administration except for the legal system governing public employment;

Welfare and pension systems for the purposes of monitoring;

Other institutions and matters overseen by the Ministry of Finance.
